### **The Pet Store**

Playing with kittens, puppies, or birds is a pleasant thing for children. Even not only children, the adults also like playing with them. People usually go to pet store when they want to have pets. A pet store or pet shop is a retail business which sells different kinds of animals to the public. In this chapter you will learn about things taht you can find when you go to the pet store.

#### **The Pet Store**

On Saturday my parents took us to the pet store. They had everything that you would need if you had a pet. They had dog food collars and leashes for dogs. They had treats to give your dogs and brushes to brush your dog. For cats they had food toys and litter boxes. For birds they had seed and cages. There was a section for fish. They had fish in big tanks and little bulls. In the big tanks there were colorful fish swimming around. The girl who worked there said that they were tropical fish. There were goldfish in

the smaller fish bowls. I saw the girl get a goldfish out with a little net. She sold it to a boy who said he had another goldfish at home.

There was a very large cage with a parrot in it. I walked up to the cage and the parrot said hello. I was surprised that the parrot could talk. It could say a few things. It said I love you, pretty bird, and bye-bye. I told my mother that I would like a parrot, but she said that parrots need a lot of care and attention.

At the back of the store there were some puppies. They seemed glad to see me. I stuck my hand into the cage and one of them licked my hand. They were very lively, they were running around, and chasing their own tails. In the next cage there were two kittens. One of them was playing with a toy and the other one was asleep the kittens were very small. The one that was sleeping was curled up into a ball. I couldn't even see her face. I didn't want to leave the pet store. I was wishing that I could take all of the animals home with me.

## **Job**

After graduating from school or college, you need to look for a job to get money. You may look for job as teacher, doctor, firefighter, officer, etc. You can begin a job by becoming an employee, volunteering, starting a business, or becoming a parent.

In this chapter, you will learn about several of jobs that may you want to take it later.

### **Differences of Teacher, Trainer, & Coach**

Among the words teacher trainer and coach there are slight differences. How many times in our lives have, we come across words like teacher, trainer, coach, mentor, guide, counselor, facilitator, etc. But rarely do we appreciate the subtle difference between the functions and responsibilities of each of these roles. It seems most of these words being synonyms of each other but in reality and we will here concentrate on terms like teacher, trainer, and coach to know if these words are any different from one another. The

most important role played by these persons is that of a facilitator. By facilitator, i mean a person who is the keeper of the process. But would anyone like to be called a facilitator no it is only logical to classify people according to the primary role played by them, and this is where differences between a teacher, trainer, and a coach begin to surface.

Teaching is the art of passing on knowledge to a group of people. A teacher provides formal education to students, so that they develop and grow within themselves. One judges the success of a teacher by the ability of his students to grasp and understand the concepts he explains to them. Though teachers are mainly facilitators in passing on knowledge they take a keen interest in the development of personalities of their students so that they continue to take a keen interest in the subject after teaching process is over. We find teachers in school settings, universities, etc.

Now let us focus our attention on the role of a trainer. A trainer is a person who focuses on a specific area of development. He tries to impart the skills and best practices to achieve success in a particular area. Trainees - if they can get to the level of the trainer after the training period reflect the ability of the trainer to pass on his skills. A trainer sees to it that trainees develop a new skill unlike a coach who sees to it that the skills possessed by trainees are polished in the best possible manner.

With this come to the role of the coach. A coach is required to sharpen the skills a person already has to excel in the chosen field. A coach offers advice on the basis of an understanding of the strengths and weaknesses of his crotch gs so that they develop in the chosen field. It is seen that coaches train world-class players though they may not have excelled to that level themselves.

However, there is quite a bit of overlapping in the roles and functions of teacher, trainer, and a coach. To be effective, it is not enough to be a good teacher and one need to incorporate the qualities of a trainer in the coach and vice versa.

Tell me that you've (8) \_\_\_\_\_ enough

Just a little bit's enough

Just a second we're not broken just bent

And we can learn to love again

It's in the stars

It's been written in the scars on our hearts

We're not broken just bent

And we can learn to love again

I'm sorry I don't understand

Where all of this is coming from

I ((9) \_\_\_\_\_ that we were fine (oh we had (10) \_\_\_\_\_)

Your head is running (11) \_\_\_\_\_ again

My (12)\_\_\_\_\_ we still have everythin'

I never stopped  
You're still (15)\_\_\_\_\_ in the (16)\_\_\_\_\_

You're not broken just bent  
And we can learn to love again  
Oh tear ducts and (17)\_\_\_\_\_

We're collecting (18)\_\_\_\_\_  
But our love's enough  
You're (19)\_\_\_\_\_ it in  
You're (20)\_\_\_\_\_ a drink  
No nothing is as bad as it seems  
We'll come clean

Just give me a reason  
Just a little bit's enough

Just a second we're not broken just bent  
And we can learn to love again  
It's in the stars  
It's been written in the scars on our hearts  
We're not broken just bent  
And we can learn to love again
